

Winter Indoor Soccer

Ages 3-6

www.SoccerShots.org

What is Soccer Shots?

Active in over thirty different states and in Canada, Soccer Shots is currently one of the fastest growing children's enrichment programs in the country, with thousands of children each day participating in its unique educational program designed exclusively for young children. The response by parents, children, and directors alike has been overwhelming!

Our program is designed specifically for young children. We teach using imagination and creative games. Focusing on children ages 3-6, not only do we teach children soccer, but we also use the sport to help teach listening skills, fair play, habits of exercise, and respect for others. Soccer Shots will meet once a week for a 45 minute session at each Winter Location.

Winter Locations:

Springton Lake Middle School - *Media, PA*

Competitive Edge Sports - *King of Prussia, PA*

YSC - *Hatboro, PA*

Registration is available through our Delaware County or Montgomery County websites. Please visit <http://delawarecounty.soccershots.org/> or <http://montgomerycounty.soccershots.org> to see times, prices, and locations.
